REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The cited prior art fails to teach claimed invention alone or in combination.

Applicant's arguments are persuasive. Specifically the cited prior art fails to teach each and every limitation of the claimed invention. The invention is a system and method of converting non-text display generation data obtained indirectly from video card into text variable having values that represent characteristics of a desired one of a plurality of indicators comprising acquiring a non-text data, extracting group of non-text data, translating non-text data to text data, identifying text data as desired indicator and converting identified group into text variables having values representative of characteristics of desired indicator. The cited prior art fails to teach claimed limitations. Therefore the invention as claimed is allowable over cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sanjiv D. Shah whose telephone number is (571) 272-4098. The examiner can normally be reached on M-F 9-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Bhavesh M. Mehta can be reached on (571) 272-7453. The fax phone
